Xmtr Mod #242 Lettine

Rcvr Homebrew/FCV-1 Int. Conv.

Ant 4 Elem Beam from handbook

Remarks:-

Sorry to keep you waiting O.M. for this card, but my regular cards havent ever arrived from Indiana.
You had a beautiful signal on this end of the line.
Heard you chewing the rag with the station down in the islands and was going to give him a shout after you got done with him. However, when I stopped and thought about it, and my little 30 watts output, I decided against it.
Hope this card will suffice.

Jim
